

Climate Change – Public Opinion Survey

Thank you for visiting the Center for a Sustainable Coast. Please answer a few questions to help us better understand public opinion on this important issue. Estimated time: 5 minutes.

1) Are you aware that the earth's temperature is warming, causing changes like sea-level rise?

Yes	No
-----	----

2) Do you agree that scientific evidence indicates that greenhouse gases released by burning fossil fuels is the major cause of global warming?

Yes	No
-----	----

3) If "Yes",
Do you think it is important to reduce greenhouse gas emissions?

Yes	No
-----	----

If "No",
What do you think is causing climate change? (describe) _____

4) Do you think that coastal Georgia is at risk from climate change impacts such as flooding?

Yes	No
-----	----

5) If "Yes", how soon do you think these risks will be a serious threat?

- a) Already happening
- b) 5-10 years
- c) 10-20 years
- d) 20-30 years
- e) Beyond 2050
- f) Don't know

6) Do you think the government should enact policies that cut greenhouse gas emissions?

Yes	No
-----	----

7) If "Yes", which of the following policies do you support? (select any or all)

- a) Increase efficiency standards for all fossil fuel burning devices
- b) Enhance incentives for converting to clean power and electric vehicles
- c) Increase costs for emitting carbon – Carbon Tax
- d) Develop a smart-grid to optimize the use of renewable energy
- e) Require 100% clean power by 2040
- f) Other (please describe)

8) What is your zip code?
